PROFESSIONAL SUMMARY

Innovative, results-driven Computer Science graduate with a solid foundation in software development, core machine learning algorithms and full-stack system architecture. Proven experience architecting scalable web applications and implementing Bayesian Knowledge Tracing and Reinforcement Learning models. Highly skilled in leveraging Python, modern web frameworks, and relational databases to deliver optimized technical solutions. Adept at technical reporting, system benchmarking and collaborating across cross-functional environments to solve complex technical challenges.

EDUCATION

Federal University of Technology, Minna, Niger State – *B.Tech. in Computer Science*

- September, 2021 – August, 2026
- Key Coursework: Data Structures & Algorithms, Artificial Intelligence, Machine Learning, Database Management Systems, Computer System Performance & Benchmarking, Software Engineering.
- Undergraduate Thesis: Development of an Adaptive Learning System for Personalized Education using Bayesian Knowledge Tracing.

TECHNICAL SKILLS

- Languages: Python, SQL, JavaScript, HTML5, CSS
- Machine Learning & AI: Bayesian Knowledge Tracing (BKT), TensorFlow.
- Database: PostgreSQL, Redis
- Frameworks: React, Node.js
- Developer Tools: Git, GitHub, Docker, iPerf3

PROJECTS (TECHNICAL EXPERIENCE)

An AI Adaptive Learning Platform – Lead Developer / Researcher - August, 2026.

Tech Stack: *Python, React.js, PostgreSQL, Redis, Machine Learning*

- Developed an adaptive platform tailored for first-year university students that dynamically tracks concept mastery and alters question difficulty using Bayesian Knowledge Tracing.

Network Throughput & Latency Benchmarking Suite

Tech Stack: Python, iPerf3, Network Socket Protocols

- Automated network stress tests across Windows client-server environments using iPerf3 and Python data scripts.

CERTIFICATIONS

- Certificate of Completion (3-Month Computer Program) with Distinction – Deklag, Kaduna (August, 2017)
- Certified Frontend Web Developer – IRL IT Solutions, Kaduna (November, 2022)
- Basic Financial Literacy & Accessing Loans | GIZ & Central Bank of Nigeria (FUTMINNA) (August,2023).
